

THREE OAKS RESPITE CABIN WAIVER & ACKNOWLEDGEMENTS

Three Oaks Cabin is intended as a quiet place where individuals who are facing emotional and mental fatigue can seek solace. Our intent is to provide guests with comfortable accommodations and peace where they can take time to focus on improving their wellbeing through rest and self-directed therapy resources.

However, Three Oaks is not a crisis service, does not provide in-person or 24/7 counselling support, and is not intended nor staffed to meet the specific needs of individuals in crisis.

WHEREAS Allan Anthony Bergma and Diane Bergma own property in the county of Lambton upon which they have built a cabin like structure;

AND WHEREAS the intention of the owners is to have the cabin available for the use of various community groups who wish to assist individuals who are experiencing mental health issues and to more broadly have the cabin available for the use of community groups to provide mental health services and seminars;

AND WHEREAS the cabin will also be available with the consent of the owners for individuals to be alone in the cabin as agreed to by the owners for respite stays;

AND WHEREAS anyone staying in the cabin for respite needs will sign a waiver with the owners wherein they absolve the owners from any liability whatsoever that may arise as a result of action taken by the individual occupying the cabin.

Each individual occupying the cabin will be bound by the terms herein and will sign their acknowledgement and agreement to these terms prior to occupying the cabin.
